COMPANY BACKGROUND

EXECUTIVE SUMMARY

OCEAN TRADE INTERNATIONAL is a leading, high-capacity Textile & Garments waste processing (pre-recycling) and export enterprise specializing in the sourcing, systematic processing, and international distribution of all categories of textile and garment pre-consumer waste. Established in the year of 1997 and operating as a registered sole proprietorship based in Dhaka, we serve as a critical bridge in the global sustainable fashion supply chain, transforming factory byproducts into high-value raw materials for circular economies, aquatic food products and fresh potatoes.

PRODUCT PORTFOLIO

Textile & Garments Waste

Ocean Trade International exports different types of textile waste products, washed wipers, hosiery clippings, terry items, and industrial cleaning materials for international markets.

Aquatic Food Products

We do deals with Chilled Fish, Live Crab, and Live Eel Fish etc.

Fresh Potatoes

We have had a surplus potato production since 2007, while we exported to Malaysia and Srilanka. In the 2025-2026 (Rabi) harvesting season, significantly produced a record-breaking 1.17 crore tons of potatoes, surpassing the annual domestic demand of approximately 90 lakh tons. Now, we are able to export potatoes to any country if we get orders...

Directorate general of defense purchase (DGDP)

They are the procurement authority of required goods for Army, Navy, and Air Force, both local and foreign; we are enlisted with them to supply goods.

MISSION

To provide reliable textile and garments waste processing, pre-recycling preparation, and export solutions while maintaining product quality, timely shipment, long-term business relationships, customer satisfaction, workplace safety, and environmental responsibility.

VISION

To become a trusted Bangladesh-based partner for international buyers in the global circular economy by supplying consistent, properly sorted, and export-ready textile waste and reusable textile products.

Commitment Statement

Ocean Trade International management is committed to maintaining appropriate standards in textile waste processing, washed wipers, hosiery clippings, terry items, and industrial textile products.

The company follows relevant laws, regulations, export compliance requirements, and buyer standards.

LEADERSHIP & PROPRIETOR PROFILE

Dr. Syed Nazrul Islam (Faruque) is the Proprietor of Ocean Trade International. He is a business-experienced leader with wide involvement in trade, industry organizations, export-oriented businesses, and circular economy initiatives.

He is the President of Bangladesh Textile & Garments Waste Processors & Exporters Association, Member- Bangladesh Live & Chilled Food Exporters Association, General Body Member, The Federation of Bangladesh Chambers of Commerce and Industry (FBCCI) and Many More.

As a proprietorship company, Ocean Trade International benefits from direct owner involvement, fast decision-making, and accountable buyer communication.
